## Request for License Status Change

Inactive status is available for licensees who no longer wish to practice in the state of Arkansas. To apply for inactive status the licensee must hold a license that is active. If inactive status is requested more than 30 days after expiration, late fees will apply. Request for inactive status must be made to the Board in writing. The individual shall not engage in the practice of speech-language pathology and/or audiology in a non-exempt facility in Arkansas while his/her/their license is inactive.

An individual wishing to regain active status shall notify the Board in writing, submit documentation of CPE's for each year the license was inactive (maximum of 50 hours for a single license or 75 for dual licensure), and submit the reactivation fee.
