Governor Asa Hutchinson

Nathaniel Smith, MD, MPH, Director and State Health Officer

Summary of Public Comment Period

On September 9, 2014, proposed changes to the Arkansas Regulations for Breath Alcohol Ignition Interlock Devices were filed with the Secretary of State, the Arkansas State Library, and the Bureau of Legislative Research. Those changes were made to bring the regulation in line with current technology and to reflect the National Highway Traffic Safety Administration's new model specifications.

The proposed amendments were opened up for public comment and a hearing was held on October 15, 2014. The Rule was reviewed by the Joint Committee for Public Health, Welfare, and Labor on November 25, 2014, and by the Administrative Rules and Regulations Subcommittee of the Arkansas Legislative Council on December 3, 2014. No comments were received and no changes were made.
