

**NE Region
HHI Monthly Report
November 2010**

Cross Co

- Outreach materials on TPCP, Quitline, WIC and other services provided by ADH were distributed to 10 businesses throughout the county.
- LHU participated with Wynne Elementary to coordinate a mini-Marathon with 4th – 6th graders. Approximately 300 students participated.

Fulton Co

- The diabetic support group continues to meet and seems to be going well under the new director.

Independence Co

- Six coalition members attended training in Atlanta, GA for the CPPW grant.
- LHU participated in an earthquake drill planning with local hospital.

Izard Co

- The diabetic support group continues to meet and seems to be going well under the new director.

Lawrence Co

- Flyers and other promotional items were distributed throughout the month educating the public on the Social Host Law.
- The parenting classes which include education on the Social Host Law were completed and went very well. A new class will begin in April 2011.
- The committee looking at applying for the TPCP grant decided to wait until next funding cycle due to grant wording being difficult to understand and a short turn around.
- Dot Newsom presented a flyer on “Tobacco-Free Park and Recreation Areas” to the coalition.

Poinsett Co

- In-install News was displayed in all bathrooms at all LHUs in the county.
- Outreach on the services provided by the LHU was provided to 3 businesses in the Trumann.
- A presentation on rabies was presented to the Poinsett County Sheriff's Department and an article was published in 2 area newspapers.

Sharp Co

- A resource book is being developed and printed to identify local resources in the county.
- Body Walk is being coordinated and will be conducted in the schools sometime this winter.
- Teen pregnancy and tobacco presentations were held at Highland and Cave City High Schools by Marilyn Cone.
- Pesticide training will be held in the county next month.
- A youth has been added to the coalition members from Highland High School. Trevor is a senior this year.
- The diabetic support group continues to meet and seems to be going well under the new director. There are currently 3 groups meeting in the county – Cherokee Village, Ash Flat and Hardy.

Stone Co.

- The diabetic support group continues to meet and seems to be going well under the new director.

White Co

- White Co Single Parent Scholarship held a reception for the Fall recipient.

CHPS/CHNS

Laura Cook

- Laura provided technical assistance on childhood immunizations; BMI, vision, hearing and scoliosis health screenings.

Karen Davis

- Karen provided technical assistance to the nurse at Williams Baptist College regarding tobacco prevention and cessation programs to be implemented in 2011. She provided assistance to the Science Specialist on nutrition information for 4th through 8th grade lessons. Karen assisted the Oak Grove school nurse with CPR information. She participated in the following flu clinics in Lawrence County: Hoxie, Hillcrest, Williams Baptist College, and two businesses. She participated in the following flu clinics in Randolph County: Pocahontas Intermediate, Junior and Senior High. She participated in the following flu clinics in Clay County: Piggott, Rector and Corning. She participated in flu clinics at Oak Grove Elementary and Middle School, Greene County Tech Elementary and Intermediate, Marmaduke and Crowley's Ridge Academy in Greene County. She participated at flu clinics in Philadelphia, Trumann and Brookland Schools outside of the NE Region.

Becky Lamb

- Becky collaborated with the White County LHU Administrator and the NE CDNS to coordinate efforts for the school flu clinics. She assisted with flu clinics for the White County Schools (18 different sites). She participated in flu clinics at Wynne Intermediate and Heber Springs High School.

Marilyn Cone

- Marilyn provided technical assistance on the pandemic flu plan to the Southside principal. She provided technical assistance to school nurses on AEDs, A-Train, vision health screenings and individual care plans. She shared resources and grant information on various health issues including sexual health, hand washing, traumatic brain injuries, physical activity and available grants. She participated in the following school flu clinics: Calico Rock; Central, West and Sulfur Rock Elementary in Batesville School District; Mt. Pleasant/Melbourne; Marion Elementary and Middle School; Beebe Elementary and High School; Highland; Cave City; Mt View; McRae; Sidney Deener Elementary; Heber Springs; Searcy Junior and High School; Bald Knob; Westside Elementary and Southwest Middle School. She partnered with the LHU Administrator to provide flu injections at Calico Rock banks.
