

## NW CHNS and CHPS

### July 2011 Report

#### Cheria Lindsey

Cheria participated in the Boone County Baby Fair which included local daycare and Stamp Out Smoking information. A flyer was distributed on heat related injury from children being left in cars. She collaborated with other CHNS in providing a School Health Index training at Jasper Schools. She attended the Boone County and Searcy Co Coalition meetings and participated in the Searcy Co Health Fair Committee meeting. She attended the Housing Opportunities Partnership Exchange meeting in Harrison. She assisted the Valley Springs School District with the immunization section of the school policy handbook. She distributed Zobey videos and WIC information and Baby Fair Flyers to seven local daycares in Harrison. She distributed "Hot as an Oven" flyers to local businesses.

#### Miranda Curbow

Miranda provided an Adoption Workshop at the education cooperative and included information on tobacco prevention and infant mortality. She provided eight CPR workshops at the education cooperative. She provided information on tobacco, strike, and infant mortality at each CPR workshop. She provided assistance to Crawford County and Sebastian County Coalitions. She participated in the planning of the Franklin County Community Health Fair. She provided technical assistance to school nurses on various health issues. She provided technical assistance on Coordinated School Health to County Line and Ozark School Districts.

#### Mary Glasscock

Mary provided four Heartsaver/AED CPR trainings to school staff at the education cooperative and at the Dover School District. She provided information on the dangers of secondhand smoke, Act 811 and the quitline at the trainings. She attended the River Valley Prevention and the Cleburne County HHI Coalition meetings and provided information on the Safety Baby Shower Program to coalition members. She attended the Oral Health Coalition meeting. She shared Car Seat Safety information with a local pediatrician and hospital. She provided technical assistance on the Safety Baby Showers grant for Pope and Conway Counties. She provided technical assistance to the Arkansas Children's Hospital Prevention Center on a survey of Grandmothers and their knowledge of SID prevention.

#### Christine Reifeiss

Christine collaborated with Morrilton CDI on integrating alcohol/tobacco information as a part of baby safety showers. She provided technical assistance to the Conway County Hometown Health Coalition on a grant to assist with a safety baby shower. She provided technical assistance on gardening and Healthy People 2020 grant opportunities to various organizations.

Sarah Brisco

Sarah provided technical assistance on tobacco signage to the Happy Hollow School in Fayetteville. She provided resource information on tobacco for the Searcy County Health Unit clinic waiting room. She collaborated with other CHNS to present the School Health Index training for Jasper School District. She provided technical assistance to the school on writing their current SHI. She attended the Newton, Boone and Searcy Co Coalition meetings.
