Received phone call from member of Methodist church this month. The church wants to get more involved in community projects. She called asking if there was any way that they could assist the H.D. We discussed our upcoming car seat event and needs of new maternity patients. After sharing information with church pastor, women’s group and general membership, they decided to host the upcoming car seat event and begin providing “gift bags” to all our new maternity patients. More info. to come. I am so excited about their desire to help the citizens of our community!
