## **Juanita Buckmaster**

- Two dates: presented for 20 minutes in each kindergarten classroom of Edgewood Elementary School using "Dusty the Dragon and Dr. Margie Hogan Talk About Tobacco" 11 minute video to begin. Obtained 100% tobacco free pledges from this endeavor
- White Hall school nurse and I partnered to speak to the students during their lunch break regarding their need for physical activity. We offered a PHYSICAL ACTIVITY CONTEST to all students and staff. Each student who accepted the challenge was given shoe reflectors (ongoing follow-up of Sweetgall speaker, September 2012) to enhance night time walking safety.
- Visited Southeast Elementary School principal with regards to shoe reflectors for the students, the principal wants to challenge the students of Southeast Elementary to walk
- Assisted with the SLV Tdap clinic in Pine Bluff School District

- Delivered (1) Sex Still Has a Price Tag, Faith Based Edition featuring Pam Stenzel; (2) Parents Matter Raising Kids with Integrity; and (3) Youth Risk Behavior Survey results to local church with instructions on how to utilize the abstinence program
- Attended ARCOP GHC Immersion Training; representing Arkansas County Partners in Health group per the request of Kaye Murry, ADH
