Cafeteria in-service was held in Rison 14 attendees, topics covered were Heat Stroke (Liz), Basic Nutrition (Shannon), In-Home Services (Sarah Sturgis)

Desha

Sharing info obtained throughout the month with community members at meetings with Chambers, Co-op, D-HHIP coalition, CHPS & CHNS and CHW's/STAR Health. Presented SIDS grant to Office of Minority Health, August 9th, in Little Rock at ADH. Report included power point, handouts, verbal report to a meeting of approximately 60 attendees. Also we participated in a community "Back to School/Back Pack event in Winchester. 126 children from Desha County and surrounding area enjoyed an afternoon of fun, food, exercise, and education. Our D-HHIP coalition was present with prevention education on family planning and

smoking, while also encouraging the current immunizations regimen before school starts. Spoke with Superintendent Thomas Gathen for McGehee School District regarding the schools no-smoking policy. Mr. Gathen will get me a copy of what they have in place. Lots of work has been done for the HHI 12 year celebration coming up September 9th, 2014

Lincoln:

Planning to have a booth set up with educational information at the Lincoln county Fair

Lee:

1. We held 2 special back to school Immunization clinics to meet the demand regarding the new school regulations. Phone conversations with the school nurse regarding the new changes and clarified some questions she had regarding the changes. 2. I attended a meeting regarding a pilot to put CHW in the LCCC and a Physician's offices in Phillips County to case manage their clients. A group came down from Massachusetts/New York to provide input into the pilot. 3. The HEC did a radio interview with the Forrest City radio station. HHI was promoted during this interview.

Monroe:

St. Francis:

Prairie:

participated in Des Arc and Hazen High School Open House; Spoke with 5 families re: family planning/female contraceptives-IUD's, implants, & patch; Spoke with 3 women re: WIC services (already clients); Explained Nutrition (portion size) display to 2 families-was able to use grade-school girl to participate in teach-back for 2nd family; Spoke with 2 families re: ADH full services; Spoke with 3 men re: tobacco quitline, gave 3 different tobacco brochures including one on SOS QUIT-Line. All families contacted were different for each service.
