June 21 & 22, 2011

Arkansas Methodist Medical Center

Paragould, AR

Arkansas Methodist Medical Center

*The Emergency Nurses Association is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission of Accreditation.*

**Course Description:**

The Emergency Nurses Association (ENA) Trauma Nursing Core Course (TNCC) is a 15 hour course designed to provide core-level trauma knowledge and psychomotor skills associated with the delivery of professional nursing care to the trauma patient. TNCC has been designed by nurses for any nurse who provides care to trauma patients. It is intended to enhance cognitive skills, to sharpen technical skills, and to provide a foundation for future learning. The ultimate purpose is to improve the level of care provided in emergency care settings, large and small, rural and urban. ENA has recommended TNCC as the minimal required education for emergency nurses who care for trauma patients.

**Course Completion:**

To successfully complete the course, the participant must attend all sessions, must score 80% or better on the multiple choice written exam, and pass the Trauma Nursing Process evaluation skill station. It is suggested that all participants read the complete TNCC Provider Course manual 6<sup>th</sup> edition, which will be sent to each participant prior to the course. A card verifying the successful completion of the TNCC Provider Course will be issued to the RN along with a certificate for 14.42 contact hours.

Verification remains current for four years.

**Course Schedule:**

Lectures will start each day promptly at 7:30 a.m. Each day will end at approximately 5:30 p.m.

**Refund Policy:**

Cancellations received at least two weeks (14 days) prior to the date of the course will receive a refund of monies paid minus the fee of the course manual. No refunds for canceling within two weeks (14 days) of the course date.
