# Filtering Reports in Quintiles

## Click-on Configurable Measure Reports:

The screenshot shows a web browser window with the URL [https://heart.irqivia.com/access.html?study\\_id=1388&physician\\_id=347514&study\\_rev\\_id=882&function=reports](https://heart.irqivia.com/access.html?study_id=1388&physician_id=347514&study_rev_id=882&function=reports). The browser tabs include 'Mail - Joanne Labelle - Outlook', 'Community Page', and 'Report List'. The website header features the 'QUINTILES OUTCOME' logo and navigation buttons for 'Patients', 'Download', 'Reports', 'Data Upload', 'My Account', and 'Home'. A user bar indicates 'Current User: Joanne Labelle', 'Site: Arkansas DOH Test Site', and 'Site ID: 76106'. The main content area lists several report categories: 'Reports User Manual', 'Data Management', 'Audit Reports', 'Site Level Reports', 'Pre-Defined Measure Reports', 'PMT Patient List', 'Patient Time Tracker Report', 'Stroke InSights Data Quality Report', and 'Stroke Mortality Report'. The 'Site Level Reports' category is expanded, and the 'Configurable Measure Reports' link is circled in red. Below this link, a brief description reads: 'Build your own Quality Measure Reports'. A URL bar at the bottom of the page shows [https://heart.irqivia.com/measure.html?study\\_id=1388&physician\\_id=347514&study\\_rev\\_id=882](https://heart.irqivia.com/measure.html?study_id=1388&physician_id=347514&study_rev_id=882).

# Filtering Reports in Quintiles

Select "interval"; dates "to" and "from"; click "aggregate" if needed; and select the measure.

The screenshot shows the 'Configurable Measure Reports' page in the Quintiles Outcome system. The browser address bar shows the URL: [https://heart.irp.iqvia.com/measure.html?study\\_id=1388&physician\\_id=347514&study\\_rev\\_id=882](https://heart.irp.iqvia.com/measure.html?study_id=1388&physician_id=347514&study_rev_id=882). The user is logged in as 'Joanne Labelle' at the 'Arkansas DOH Test Site' (Site ID: 76106). The 'Reports' tab is selected in the navigation menu.

## Filtering Reports in Quintiles

Scroll down to the bottom of the report page and click “Show” next to “Filter Options”. It is located just below the hospital list.

The screenshot shows a web browser window with the URL [https://qi.outcome.com/measure.html?study\\_id=1388&physician\\_id=182409&study\\_rev\\_id=882](https://qi.outcome.com/measure.html?study_id=1388&physician_id=182409&study_rev_id=882). The page title is "Configurable Measure Rep". The browser's address bar shows the URL. The page content includes a navigation bar with "Contact Us" and "Logout" links, and a "QUINTILES" logo. Below the logo, there is a red circle around the text "Current User: Joanne LaBelle Site: MA, Coverdell/SCORE hospitals DSA Site Site ID: 31698". To the right of this text is a link "Add Another Report". Below this, there are three sections: "FILTER OPTIONS [SHOW](#)", "DISPLAY OPTIONS [SHOW](#)", and "SYSTEM LEVEL REPORT DISPLAY OPTIONS [SHOW](#)". A "Generate Report" button is located below these sections. At the bottom, there is a section titled "SAVE THE REPORT OPTIONS (OPTIONAL)" with a sub-heading "Save Measure, Format, Benchmarking, Filter, and Display Option selections for future use." and a "Save As:" label followed by an input field and a "Save Report Options" button. A note at the bottom states: "Note: In order to access previously saved report options, click on the Pre-Defined Reports link under the Reports tab." The browser's status bar at the bottom shows the JavaScript code: `javascript: blocking('filtermeasures'); changeText('filterText');`

# Filtering Reports in Quintiles

A list of elements will appear for you to select your patient population of interest, e.g. Ischemic Strokes with a Time from Last Known Well to Arrival within 4.5 hours. If multiple filters are needed, hold-down the CTL key when clicking on the additional filers.

The screenshot shows a web browser window with the URL [https://qi.outcome.com/measure.html?study\\_id=1388&physician\\_id=300666&study\\_rev\\_id=882](https://qi.outcome.com/measure.html?study_id=1388&physician_id=300666&study_rev_id=882). The page header includes the 'QUINTILES' logo, user information (Gabielle Parkinson, MA Coverdell/SCORE hospitals DSA Site, ID: 31698), and navigation buttons (Download, Reports, My Account, Home, Contact Us, Log). The main content area is titled 'FILTER OPTIONS' and contains a note: 'Note: "Compare selections" only apply to the "My Hospital" comparison group.' Below the note are several filter categories, each with a dropdown menu and a 'Compare selections' checkbox:

- Include Only Complete Records:**
- Diagnosis:** Dropdown menu with options: Ischemic Stroke (selected), Transient Ischemic Attack (< 24 hours), Subarachnoid Hemorrhage, Intracerebral Hemorrhage, Stroke not otherwise specified, No stroke related diagnosis.  Compare selections
- Patient location when stroke symptoms discovered:** Dropdown menu with options: Not in a healthcare setting, Another acute care facility, Chronic health care facility, Outpatient healthcare setting, Stroke occurred after hospital arrival (in ED/Obs/inpatient), ND or Cannot be Determined.  Compare selections
- Arrival Day:** Dropdown menu with options: Sunday, Monday (selected), Tuesday, Wednesday.  Compare selections
- Not Admitted?:** Dropdown menu with options: Yes, not admitted, No, patient admitted as inpatient.  Compare selections
- Reason Not Admitted:** Dropdown menu with options: Transferred from your ED to another acute care hospital, Discharged directly from ED to home or other location that is not an acute care hospital, Left from ED AMA, Died in ED, Discharged from observation status without an inpatient admission, Other.  Compare selections
- Department:** Dropdown menu with options: Neuro Admission, Other Service Admission, Stroke Consult, No Stroke Consult, In Stroke Unit, Not in Stroke Unit.  Compare selections
