For An Act To Be Entitled

AN ACT TO REPEAL THE REQUIREMENT THAT SCHOOL DISTRICTS MUST REQUIRE SCHOOLS IN THE SCHOOL DISTRICT TO PROVIDE TO PARENTS AN ANNUAL BODY MASS INDEX REPORT ON EACH STUDENT; AND FOR OTHER PURPOSES.

Subtitle

AN ACT TO REPEAL THE REQUIREMENT THAT SCHOOL DISTRICTS MUST PROVIDE TO PARENTS AN ANNUAL BODY MASS INDEX REPORT ON EACH STUDENT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code 20-7-135 is amended to read as follows:

(a) After having consulted the Child Health Advisory Committee and the State Board of Health, the State Board of Education shall promulgate appropriate rules and regulations to ensure that nutrition and physical activity standards and body mass index for age assessment protocols are implemented to provide students with the skills, opportunities, and encouragement to adopt healthy lifestyles.

(b) The Division of Health of the Department of Health and Human
Services in consultation with the Department of Education shall:

   (1) Employ one (1) qualified community health promotion professional with training or experience, or both, in nutrition, chronic disease, or another related field to be housed within the division to plan, develop, implement, and evaluate pilot or model programs to support schools and communities if funds are available;

   (2) Employ one (1) statewide health promotion consultant to be housed within the Department of Education if funds are available;

   (3) Employ one (1) person as a community health promotion specialist to support implementation of pilot or model programs in schools and communities in nutrition and physical activity in several distinct geographical areas of the state if funds are available; and

   (4) Assign all community health nurses under its supervision to work with schools to assure that body mass index for age assessment protocols are followed by school employees or their designees who conduct body mass index for age assessments and other student health screenings; and

   (5) Not use more than five percent (5%) of the annual Division of Health of the Department of Health and Human Services Master Settlement Agreement funds for the salaries or programs created under this subsection.

(c) Every school district shall:

   (1) Prohibit for elementary school students in-school access to vending machines offering food and beverages;

   (2) Require schools to include as part of the annual report to parents and the community the amounts and specific sources of funds received and expenditures made from competitive food and beverage contracts;

   (3) Beginning with kindergarten and then in even numbered grades, require schools to include as a part of a student health report to parents an annual body mass index percentile by age for each student; and

   (4) Require schools to annually provide parents with an explanation of the possible health effects of body mass index, nutrition, and physical activity. Permit any parent to refuse to have their child's body mass index percentile for age assessed and reported, by providing a written refusal to the school.

(d) The Department of Education shall:

   (3) Students in grades eleven through twelve (11-12) are exempt
from any policy or requirement of a public school or the state for measuring
or reporting body mass index.

(d) The Department of Education shall:

(1) Begin the implementation of standards developed by the
committee and approved by the Department of Education; and

(2) Annually monitor and evaluate the implementation and
effectiveness of the nutrition and physical education standards.

(e) Every school district shall:

(1) Convene a school nutrition and physical activity advisory
committee that shall include members from school district governing boards,
school administrators, food service personnel, teacher organizations,
parents, students, and professional groups such as nurses and community
members to:

(A) Help raise awareness of the importance of nutrition
and physical activity; and

(B) Assist in the development of local policies that
address issues and goals, including, but not limited to, the following:

(i) Assisting with the implementation of nutrition
and physical activity standards developed by the school nutrition and
physical activity advisory committee with the approval of the Department of
Education and the State Board of Health;

(ii) Integrating nutrition and physical activity
into the overall curriculum;

(iii) Ensuring that professional development for
staff includes nutrition and physical activity issues;

(iv) Ensuring that students receive nutrition
education and engage in healthful levels of vigorous physical activity;

(v) Improving the quality of physical education
curricula and increasing training of physical education teachers;

(vi) Enforcing existing physical education
requirements; and

(vii) Pursuing contracts that both encourage healthy
eating by students and reduce school dependence on profits from the sale of
foods of minimal nutritional value;

(2) Begin the implementation of standards developed by the
committee with the approval of the Department of Education and the State
Board of Health; and

(3) Require that goals and objectives for nutrition and physical activity be incorporated into the annual school planning and reporting process.
