This guide includes an example of a floor plan and a sample checklist of equipment. Plans should be submitted to the Arkansas Department of Health Body Art Program prior to construction. Plans are reviewed by appointment, mail, or walk-in welcome. Call 501-661-2171 and ask for body art if you would like to set up a plan review appointment.

**Who should submit plans?**

Plans and specifications are required to be submitted to our department by any person that:

- Is constructing or remodeling any building for use as a body art facility;
- Plans to open a body art facility in an existing building;
- Plans to lease out a portion of a facility for the performance of body art;
- Plans to change the operation of a body art facility, i.e. changing the operation from disposable equipment to the usage of an autoclave.

The Body Art Program does not review Plumbing Plans. If you have plumbing plans that need approval, plans must be submitted to Protective Health Codes. Contact a plumbing inspector if you have questions about plumbing approval. The plumbing Plan review office can be reached at 501-661-2542.
