

## 05-00-0007—DRUG CATEGORIES FOR EMERGENCY KITS IN CRISIS STABILIZATION UNITS

The following is a list of categories of drugs which are acceptable in emergency kits for facilities that are certified by the Arkansas Department of Human Services as a Crisis Stabilization Unit (CSU). The Board shall set guidelines for specific quantities of approved medications which will be reviewed periodically. The provision or presence of an emergency kit in a Crisis Stabilization Unit does not waive the requirements of board regulation 04-00-0006 which requires any pharmacy providing prescription drugs to one or more patients in a nursing home or other institution to provide emergency prescription services for those patients and to provide information to the nursing home or institution indicating how the pharmacists can be reached after pharmacy hours.
