

Instructions for Dropbox

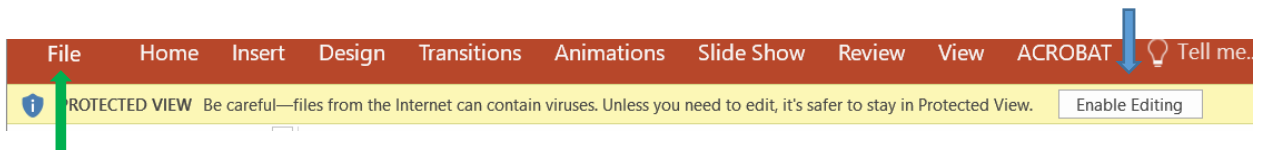

1. On the STAC webpage, under STEMI in a Box, **click on Heart Attack (presentation)**. This will direct you to Dropbox.
2. Left click on the three dots as shown by the blue arrow below.

3. Click on **Open** as shown by the blue arrow below.

4. Click on **Enable Editing** as shown by the blue arrow below.

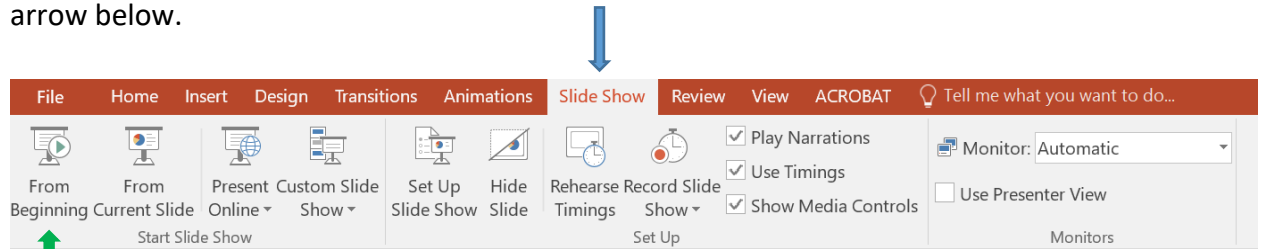

5. Save the PowerPoint by clicking on **File** as shown by the green arrow above.
6. Click **Save As** and save to your files.

Instructions for PowerPoint below.

Instructions for PowerPoint

1. Open the Heart Attack PowerPoint and click on **Slide Show** as shown by the blue arrow below.

2. Click on **From Beginning** as shown by the green arrow above.

3. Press the **Enter** button on the keyboard to go from slide to slide. (You should be able to hear the sound effects within some of the slides.)

Note: If you only have one monitor, you will not see the notes at the bottom of each slide. Print copies of slides by clicking on **File** and then click **Print**. Place the copies of the slides in a binder to help you remember what you would like to say about each slide.
