Act 1220 Coordinator Report:

School Health & Wellness Improvement Plan submission: As of 6/9/2021, there are 214 campuses of 1,030 that have **not** updated their School Health & Wellness Improvement Plans. The Indistar platform will close out the 2020-2021 school year by 6/18/21. This will archive all existing data. The portal will open for the 2021-2022 school year in August 2021.

SWAG: 25 events during the 2020/2021 school year; 492 SWAG meeting participants; 1,472 student participants in activities; 7,286 district and community members included in SWAG activities.

Coordinated School Health Report:

Summer trainings began Monday, June 7, 2021 and will go through Thursday, June 16th. Approximately 65 health teachers, physical education teachers, FACs teachers, and administrators have attended the first 3 days. Topics for trainings have include:

- creating a comprehensive school physical activity plan (CSPAP) to help schools increase physical activity in schools to meet the recommended 60 minutes of activity per day,
- the four components of essential physical education,
- steps to increase classroom physical activity; and
- effective health education.

Additional trainings will walk school personnel through backward curriculum design for health and physical education. Backward design development gives schools control to meet the needs of their students for vertical skill alignment and student outcomes.
