

MEDICAL IONIZING RADIATION LICENSURE COMMITTEE (MIRLC)

The Medical Ionizing Radiation Licensure Committee (MIRLC) meets quarterly and serves as an advisory committee to The Arkansas State Board of Health. The committee consists of ten members appointed by the Governor. The MIRLC adopts standards, may grant, deny, renew, suspend or revoke licenses for any cause stated in the act; adopt, publish, review, and revise such rules and regulations not inconsistent with the law as may be necessary to enable it to carry into effect the provisions of the act. The MIRLC reviews allegations and violations, may conduct disciplinary proceedings, and issue subpoenas as provided in the act. The MIRLC reviews RTL Program reports.
