José R. Romero, MD, Secretary of Health

MEMORANDUM

To: All Arkansas Licensed EMS Services and Training Sites

From: Helen Huitt, Regulatory Administrator
Section of EMS

Jarrold Ritchie, Licensure Administrator
Section of EMS

Date: April 2, 2021

Re: EMS Providers lapsed as of March 31, 2021

The list of EMT personnel who failed to renew their license by March 31, 2021, is posted on the Arkansas Department of Health Website: www.healthy.arkansas.gov. Verification of status may be found under Resources in the Emergency Medical Services License Renewal Tab. The verification will provide the full name of the provider, EMS number, level of licensure, and date of expiration. If you experience problems, please call the Section at (501) 661-2262 and an EMS Specialist can assist you.

Current EMS Rules Regulations require EMSPs staffing EMS vehicles to have a current Arkansas EMSP license. The list posted on our website is to alert you of a lapsed status of the EMS provider (EMSP) who did not relicense as of March 31, 2021. If the provider is missing required documentation, awaiting verification by a service director and/or medical director, or has a payment pending, they will show a lapsed status. These providers are not eligible to provide care to patients until all of the requirements for renewal of their EMSP license have been met.

The Section of EMS urges all Arkansas Licensed EMS agencies to verify the status of any EMSP whose name appears on the list.
