Sample Budget Spreadsheet and Explanation of Match

A budget that lists the total grant amount requested through the application year and breaks out how support to the program will be utilized must be provided. A sample spreadsheet has been provided as well as budget form. The budget form is divided into two separate columns of Grant Funds and Cash Match.

Cash Match may be used for the purchase of goods or services that are considered an inappropriate use of State funds, (e.g. Salaries, travel for out-of-State training, seminars, conferences, training related to certification or licensure of program personnel, etc.)

NOTE: The table below is provided as a sample spreadsheet that represents a 75% to 25% Grant/Cash Match. Cash Match is the amount of actual certified Cash provided as Matching to the project that is or will be deposited into an account for this project and then expended for goods or services. In-Kind Match, such as volunteer hours, can be used.

The manner in which these funds are distributed within the table should not be taken as indicative of how your spreadsheet should be broken out for expenses. This table will assist with explaining how Grant and Cash Match funds will be utilized and assists in clarification of your Budget Narrative.

NO SALARIES MAY BE PAID WITH GRANT FUNDS. FUNDS MAY BE USED FOR CONTRACTED SERVICES.

Grant awards are subject to review by the Arkansas State Legislature. If your project involves an Out-of-State provider of services, it should be noted that this may involve additional Legislative review.
