**QUARTERLY COMMERCIAL MEDICAL WASTE TRANSPORTER FEE REPORT**

A Commercial Medical Waste Fee of five dollars ($5.00) a ton is required for all commercial medical waste that is treated or disposed of in Arkansas (Section VIII J. of the Rule Pertaining to the Management of Medical Waste from Generators and Health Care Related Facilities). Weight tabulations must be calculated for each calendar quarter. Weight tabulations and fee payment for the previous quarter are due **forty-five (45) days from the end of the quarter**. Calendar quarters are based on the periods January 1 to March 31, April 1 to June 30, July 1 to September 30, and October 1 to December 31. **Fees are payable to the ARKANSAS DEPARTMENT OF HEALTH** and must be submitted with the Quarterly Transporter Fee Report to:

Arkansas Department of Health  
Medical Waste Program  
4815 West Markham Street, Slot 32  
Little Rock, AR 72205-3867

Total Pounds for this Quarter ______________________

AMOUNT OF FEES DUE FOR THIS QUARTER

The fee is calculated by multiplying the fee per ton by the weight of the waste in pounds (as determined in Section VII.J.1.a.b. or c. of the Rule) divided by two thousand (2,000). The division should be carried to the second decimal and rounded to the nearest tenth as follows:

EXAMPLE FEE CALCULATION  ACTUAL FEE CALCULATION

Weight of Waste in Pounds \( \times \) $5.00/ton = fee  \( \frac{\text{Weight in Pounds}}{2,000 \text{ pounds/ton}} \times \$5/\text{ton} = \)
