Uninsured Assistance for Rabies Prophylaxis

Both rabies vaccine manufacturers have patient assistance programs that provide medications to uninsured or underinsured patients.

1. Novartis Patient Assistance Program

Novartis' Patient Assistance Program for RabAvert[®] is managed through RxHope and can be accessed at 800-244-7668. Instructions and request forms are also available at the RxHope website [RabAvert Patient Assistance Program](#) 

2. Sanofi Patient Connections Assistance Program

Sanofi Patient Connections Assistance Program (providing Imogam[®] Rabies-HT and Imovax[®] Rabies as well as other vaccines) is now administered through the Lash Group. A healthcare professional or patient can either contact the Lash Group directly, or call the customer service team (1-800-VACCINE) who will transfer them to the Lash Group. The Lash Group will review the application against the eligibility criteria. For more information about the program or to request an application, please contact the Sanofi Patient Connections Assistance Program (Lash Group) at 1(888) 847-4877.
