Alcohol Testing

Law enforcement officers who have been trained and certified to conduct alcohol breath tests for legal purposes.
Instruments, includes name, serial number, date certified and expiration date

Child Health

Fire and Fall Prevention for Older Adults - CDC format for pre- and post-test results
Certification/School Survey – School hearing and vision statistics

Engineering

All Arkansas public drinking water systems
All drinking water compliance sampling
Lead and copper compliance
Chemical sampling schedule
Boil/Lift water order notice tracking
Fluoride monitoring and tracking
All THM and HAA Sample results
Tracking of consumer confidence report compliance
Construction plan review logging and tracking
PWS Operator Licensing
PWS Violation and Enforcement
Potential sources of contamination
Tracking of turbidity readings
Water-sewer-county image database
GIS app for conduction source water vulnerability and susceptibility assessments

Environmental Health Protection

Plan review permits.
Food service inspections

Emergency Medical Services (EMS) and Trauma

EMT Certification –on Certified EMTs
Ambulance Service Licensing Data
EMT Training Site Data Base – Data on Certified EMT training sites in AR

Epidemiology and Epizootic Diseases

Syndromic Surveillance Website: Hospitals use to tell the agency what they saw in the hospital emergency room each day

Health Facility Services

OASIS DMS: Federal database containing OASIS Assessment information.
MDS DMS: Federal database containing MDS Assessment information.
ACTS: Federal database containing Medicare complaint investigation information.
OSCAR/ACO: Federal database containing results of Medicare surveys/inspections of all health facilities (less nursing homes).
CLIA: Federal database containing Quality Check information on all state Labs.

Information Technology

Otis Website: Used by techs to track the who, what, when, and where's of the computer equipment that belongs to ADH.
 Project tracking for ITS

In-Home Services

Maternal/Infant Program
Community Based Case Management
Transitional Employment Assistance
Central Arkansas Referral Data
Patient Intake and Insurance Verification

Pharmacy Services & Drug Control

EUTHANASIA, TRAINERS, RESEARCHERS: Listing of facilities who utilize controlled substances for these three (3) activities
Case Log: Listing of investigations (ongoing & completed) for various licensing Boards

Public Health Laboratories (Results)

Water Bacteria Lab Database
Milk Bacteria Laboratory
Emergency Toxicology:
Food Bacteria Laboratory
Radiation Chemistry Laboratory
Organic Chemistry Laboratory:
Inorganic Chemistry Laboratory
Milk Chemistry Laboratory
CLIA web Patient's Lab work referred to labs outside of   LHU

Public Protective Health Codes

 Licensed plumbers.
 Licensed HVACR contractors.

Radiation Control and Emergency Management

RTL Licensee Fees - Radiological Technologist Licensure Program fees data
Mammography Accreditation/Registration Fees - Mammography accreditation/registration fees
Licensee Fees -- Radioactive Material and X-ray licensee fees
Registration X-ray -- list of all X-ray machines in AR
Notice of Entry and Radioactive Materials -- Companies coming instate with radioactive source
X-ray Master Inspection -- Schedule of Arkansas facilities inspections and results
Radioactive Material General Licensee Database -- Information regarding radioactive material licensees
Division employee training - RCEM list of colleague training for accreditation & possible level increase
Special Needs -- ANO emergency evacuation required assistance
