[meeting recessed for hearing. Hearing attached under separate cover]

Discussion of Pre-Licensure Petition Approval
Chuck Thompson and Kelli Kersey

Act 990 -- regarding background checks and criminal history checks. Part of Act 990 is that an applicant for licensure may ask for a waiver to get licensed.

Many waivers are coming from Arkansas Department of Correction, who has a cosmetology and barber school. People may have time left on their sentence at the time of the waiver request. The waiver request is not a permanent denial; can be looked at again.

Discussion of the potential for possible recusal by committee members.

Waiver approval needs to be done at CTAC level. Chuck Thompson makes the determination if a waiver is needed. Then it goes to Kelli, then to the committee for a decision. Committee members will receive packets for their review. Kelli will make a prelicensure petition presentation on this subject in the future.

The change in this act is that previously it only applied to crimes committed while having a license; now Act 990 is broader.

Program Updates

Kelli Kersey

Body Art - will take rules to board of health on Thursday.

Close to getting body art and massage therapy into the CLIPS system. This will improve efficiencies in the system.

Public Comment

1. Ashley Davis - are there stipulations on students registering for stylist certificate? These persons must be under the direct supervision of a licensed cosmetologist. Have to be in school to be getting school hours.

Can aestheticians get online hours? No, because of the need for hands-on experience.

2. Welcome to new inspector, Kelli Adcock.

Next meeting date changed from March 21 to March 28 due to conflict with spring break.

Ware made a motion to adjourn, seconded by Wilson. Meeting adjourned at 9:45 a.m.
